Dale Dietrich

April 5, 1955 – October 17, 2022

Dale Diedtrich passed away unexpectedly after a short illness on October 17, 2020 in Alabama.

Dale was an alumnus of the South Dakota School for the Deaf and graduated in 1974. He was well known to the deaf community. He was known as a dedicated person who always showed up to work at every place they needed him. The deaf community in the Sioux Falls area was home to him, he was always seen at every deaf community place such as deaf clubs, CSD, apartments, SD School for the Deaf, and other places hosted by the deaf community.

At the SDAD Hall of Fame ceremony when Dave Carlson accepted the award, he shared a story about Dale. When Dave was a printing teacher at SDSD, Dale had an accident where his hand was slammed by the printing machine. Amazingly Dale still had his hand and used it daily.

Dale and Sarah Still were married on November 16, 2012. Dale had been a great caregiver to Sarah and he will be missed by her greatly.

The information on the obituary and the funeral services are still pending.
